1	How to use this ALPHA roster:				
2					
3	The names of all AC-119 Gunshippers we are aware of are in this list. We have gathered names from individuals, special orders, flight logs, and other sources.				
4	Color coding:				
5					
6	<u>Sort Code = 00FF.</u> Blue cells with red text are our deceased brothers who have made their Final Flight.				
7	<u>Sort Code - 99NI.</u> Yellow cells with black text are folks where we have little or no information. If you have information to share, please send a note to Ron Julian (MCL.AC.119@gmail.com) with the individual's contact information: name, postal address, email address, phone. It would be quite helpful if you would call, write, or email the individual and gather the information for Ron.				
8	<u>Sort Code = 71AM, 17A, 18A, 02MO.</u> Green cells with black text are folks where we have sufficient information to contact by one of three methods - email, phone, postal mail. In order to protect their privacy, we ask you to contact them through the Squadron POC linked to a particular Sort Code below.

16	IMPORTANT PROCESS INFORMATION TO CONTACT AN INDIVIDUAL ON THE <u>Master Contact List</u>:				
17	To protect the information and privacy of folks on our Master contact list, we have a three step process: (1) You need to identify the individual by name and Row # in an email or a phone call to the respective Squadron POC. Pass your name and contact information to the Squadron POC. (2) The Squadron POC will pass your contact information to the individual you wish to contact. (3) The individual will contact you if they desire to establish a link with you.
